Spring Cleaning Tips

Selling Your Propane Home

Easy Pay- Predictable and Convenient Billing

What's New With Sharp?

A NOTE FROM OUR CUSTOMER SERVICE MANAGER

Dear Valued Customer,

Between winter and summer, lies a beautiful spring. While you're spending time outdoors, firing up the grill in the backyard, or simply enjoying the weather, here at Sharp we are taking care of your propane necessities. We love what we do, and taking care of our customers is at the heart of it. So get out and enjoy the season, and know we're thinking about your home's propane needs, so you don't have to.

Thank you for reading our newsletter!

BEES-SY SPRING

Spring is here! After a few months of cold weather and shorter days, we at Sharp Propane are ready for the sun to shine, green grass to grow, and flowers to bloom - we hope you are, too! The start of spring is also a reminder to start spring cleaning. Sharp Propane, an industry leader in safety and service, would like to remind homeowners that there are a number of things

that should be done in the spring to maintain their propane system and keep it up and running without any complications. Sharp Propane offers the following tips and services to help homeowners with their spring cleaning efforts:

- Remove any combustible materials, such as long, dry grass, wood, or debris, that are within 10 feet of your propane tank.
- If you have appliances that have not been used since last fall, such as a propane-fired pool heater or grill, have them inspected by a qualified service technician.
- Before you start to dig to plant your spring flowers, new trees, or for any other reason, call 811 to have your utility lines marked.
- Place your outdoor cooking equipment on a non-combustible base, if possible, and keep it away from materials, which will readily ignite such as the vinyl siding of your home.

If the paint on your propane tank is beginning to look a little faded or shabby, it might be time to touch it up. We'd love to give your propane tank a facelift with paint. Call Sharp Propane today at 1-800-932-4315 to learn more about our services, or to schedule an appointment with a Propane Professional - charges may apply. Let's start spring cleaning!

SELLING YOUR HOME THIS SEASON?

If you are selling your propane-powered home this spring know that just like your home's other utilities, there are some steps you must take before your transition is complete. Just give us a call, we will gather some essential information then take care of it all. We need to know your move date and the closing date to discontinue your propane service, and we'd like to get some info about your buyer and

real estate agent, too. This helps us transfer service from you to the new homeowner, so the process is straightforward and simple. Keep in mind that Sharp services the greater Austin Area, Fort Worth, Bryan/College Station, and La Grange-so let us know where you're headed, and we'll check for service availability in your new neighborhood. Remember that when it comes to propane, we've got your back!

START ENJOYING THE MANY BENEFITS OF EASY PAY TODAY!

At Sharp Propane, we'd like nothing more than for you to start enjoying the many benefits of Easy Pay. We understand that life can be unpredictable, but your propane bill shouldn't have to be. Signing up for Easy Pay would remove any surprises on your statement- especially during the coldest winter months. Renting a tank from us? No problem. We'll divide your annual estimated propane usage and tank rental fee into even, consistent monthly bills for the year. Sharp's 7 point Safety Check for new Complete Care customers allows our proficient technicians to calculate your estimated annual usage. We'll then spread out your fuel cost over the course of the year. This ensures that no matter how much propane you use in the summer versus the winter, you can expect the same bill each month. Each year, we'll recalculate your balance, and any remaining balance or credit can be rolled over into the next year's monthly payment. Turn your propane deliveries into predictable monthly statements with Easy Pay. Check your mail box in May!

Easy pay is an exclusive benefit of being a Complete Care customer; there is no fee to sign up. To learn more or to add Easy Pay to your account, give us a call today at 1-800-932-4315.

GRILLING WITH SHARP PROPANE

Now that spring is here; it's time we break out the grills and start enjoying cooking in the outdoors. Here's a delicious recipe that you'll enjoy!

Rosemary Ranch Chicken Kabobs

Ingredients:

- cup olive oil
- cup ranch dressing
- 3 tablespoons Worcestershire sauce
- 1 tablespoon minced fresh rosemary
- 1 teaspoons salt
- 1 teaspoon lemon juice
- 1 teaspoon white vinegar
- teaspoon ground black pepper, or to taste
- 1 tablespoon white sugar, or to taste
- 5 skinless, boneless chicken breast halves - cut into 1 inch cubes

Instructions:

In a medium bowl, stir together the olive oil, ranch dressing, Worcestershire sauce, rosemary, salt, lemon juice, white vinegar, pepper, and sugar. Let stand for 5 minutes. Place chicken in the bowl and stir to coat with the marinade. Cover and refrigerate for 30 minutes. Preheat the grill for medium-high heat. Thread chicken onto skewers and discard marinade. Lightly oil the grill grate. Grill skewers for 8 to 12 minutes, or until the chicken is no longer pink in the center, and the juices run clear. Remove from the grill and enjoy!
